Champagne for life

Key-2 Luxury has recently launched its premium sister company – **Champagne for Life**. The organisation offers members the opportunity to be treated to a glass of bubbly at various destinations across the world.

Exclusively offered to women, members will pay a one –off fee of £500 to acquire the iPhone app, which can be flashed at a number of global partnering venues to receive a cool flute of fizz. What's more, 10 per cent of the proceeds go to The Global Charity trust, so you needn't feel guilty for

treating yourself.
