Roast Restaurant have partnered with The Global Party – the world’s largest charity event to host a day of fundraising for Y Care International on Thursday 12 March 2015

Roast restaurant has a longstanding history of charitable activities, community engagement and social responsibility and on 12 March 2015, it will renew this commitment, by helping to support Y Care International tackle poverty across the world.

The Global Party is a unique one day event which directly collaborates with restaurants, art galleries, hotels as well as bars and nightclubs, every year to achieve its mission of raising funds and awareness for hundreds of worthy charitable causes.

On Thursday 12 March 2015, London based Roast Restaurant (through 'The Global Party Trust'), will donate 25 per cent of every bill – breakfast, lunch or dinner – directly to Y Care International, to help us reach more vulnerable young people around the world. Roast Restaurant was founded by **Iqbal Wahhab OBE**, Y Care International's **first ambassador**.

“Their work helps transform people, their lives, the lives of their family and the community. I’m passionate about supporting their work further to gain future investment to help create opportunities and provide for these people.” Roast Restaurant Founder, Iqbal Wahhab OBE.

Last year also saw Iqbal Wahhab **launch an investment fund for young entrepreneurs** to support their skills training and enterprises after seeing the work of Togo YMCA. “Money doesn’t make an entrepreneur as much as character does. Y Care International is helping young people to set up a meaningful life for themselves and hope for sustainable changes in their communities.”

So why not enjoy a meal at one of London’s finest restaurants on Thursday 12 March 2015 and transform lives at the same time. All you have to do is book a table!

Book your table online or call Roast Restaurant on 020 3006 6111 today.
